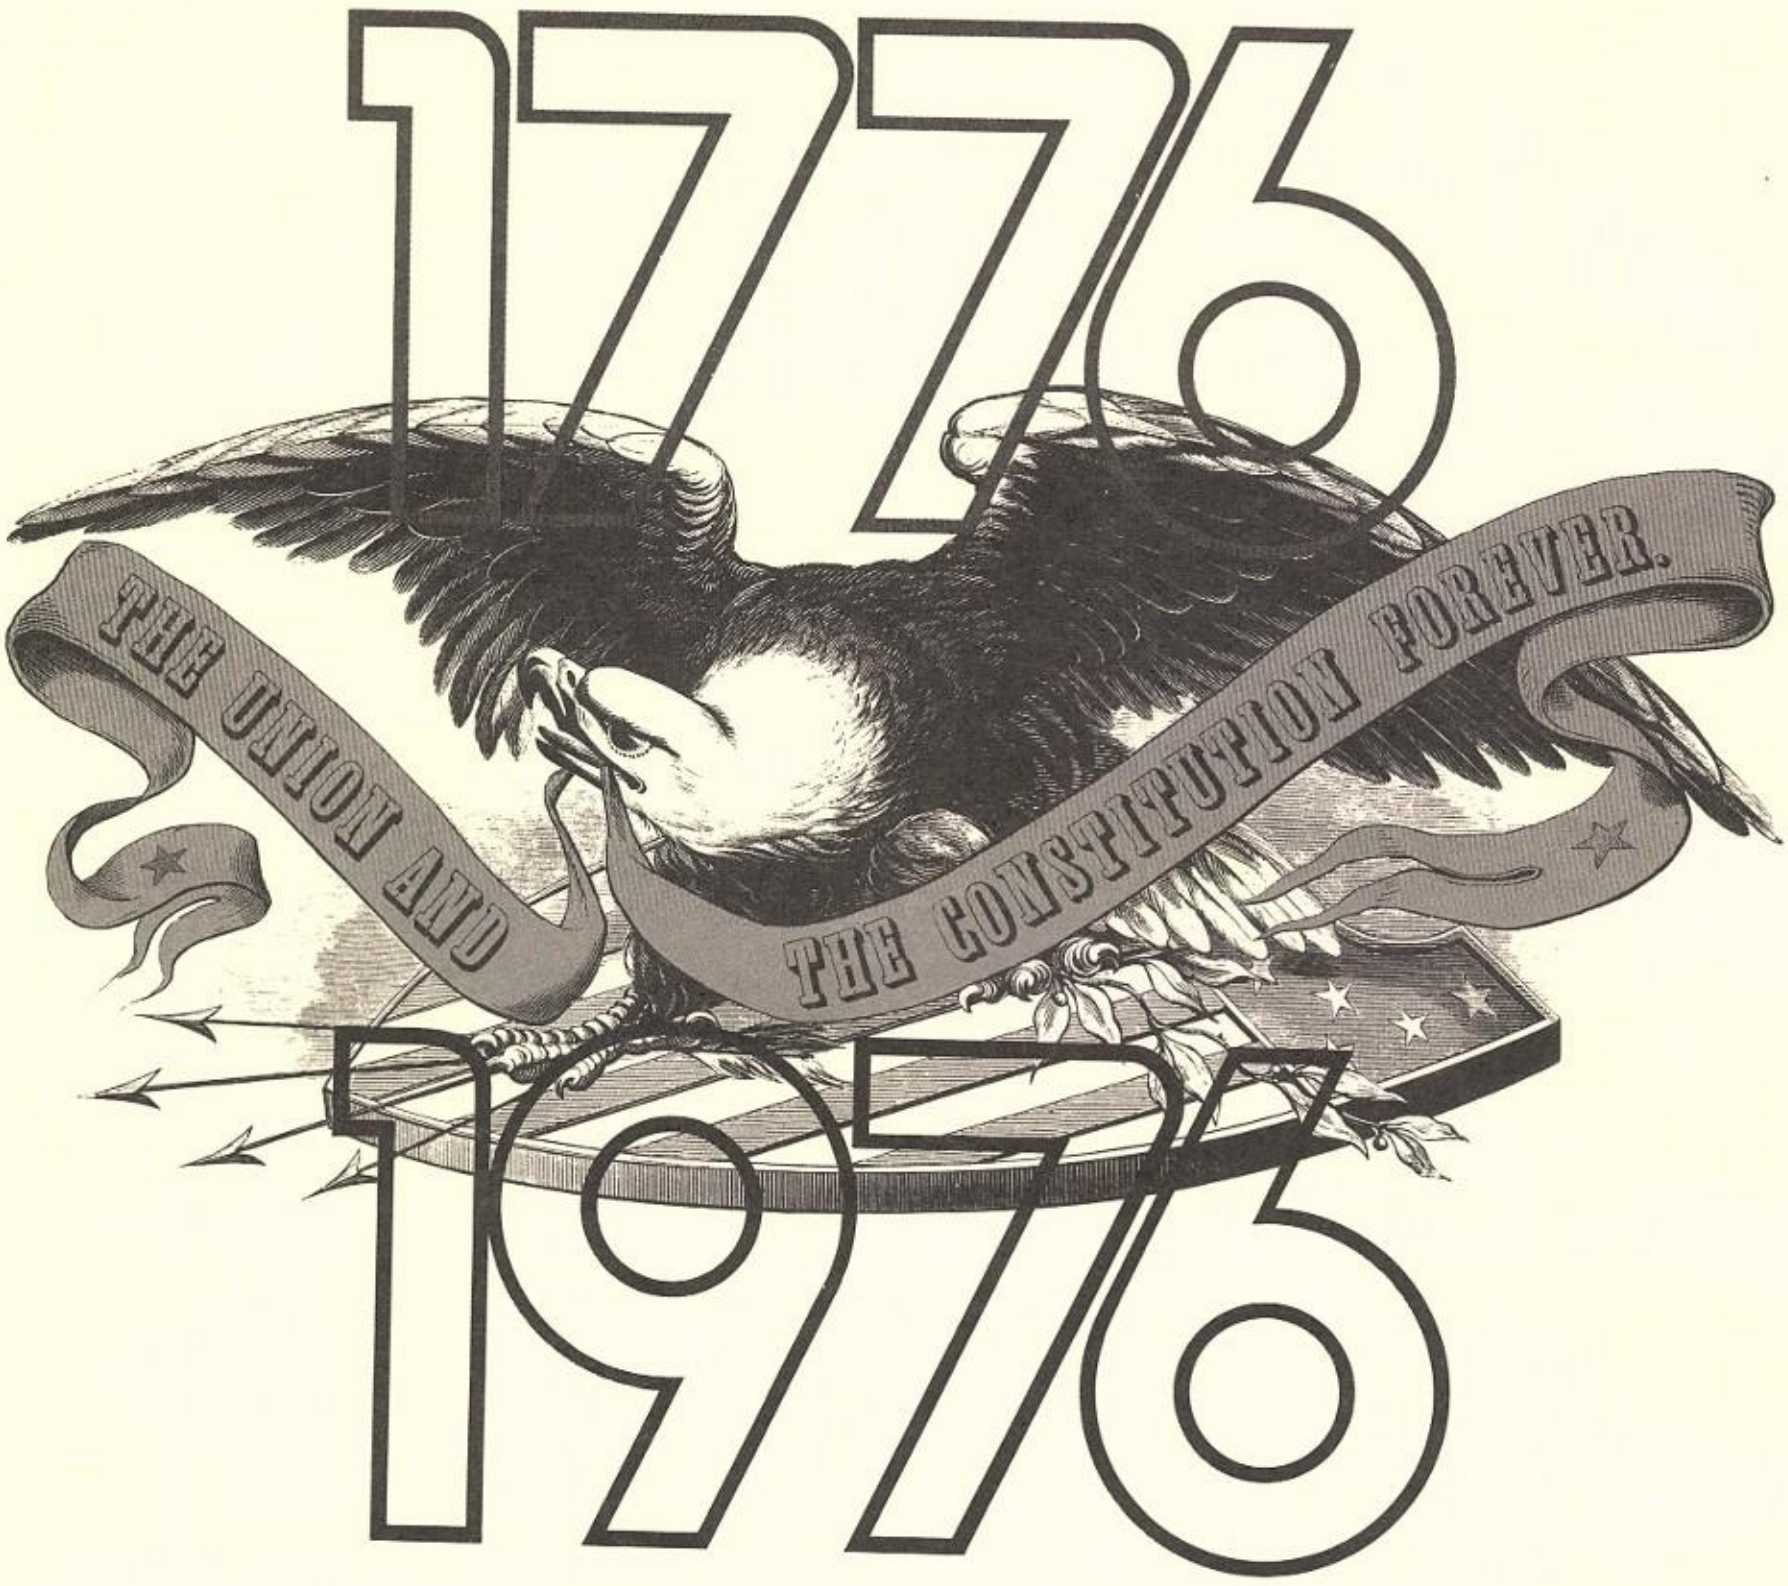
TREASURES 1976



THE FIRST 200 YEARS

A knowledge of American history is an invitation to experience the accomplishment, drama, tragedy and hope of an infant nation struggling to grow up. Sturdy, determined pioneers hacked away at the edges of a raw continent and, with blunders and achievements alike, modeled a country with a spirited nature and a united commitment to individual liberty for every one of its citizens. Americans, great and not so great, have given us a heritage to carry on and improve upon. Farmers and soldiers, industrialists and merchants, dreamers and leaders, are all there in two centuries of progress.

But the maturing isn't finished. You'll find the boundaries of growth as endless today as when our forefathers first envisioned them. You can seek out your own destiny with the wisdom and judgement which comes with re-creation of the past. Your knowledge, dreams and industry will carry on through many more centuries of living history.

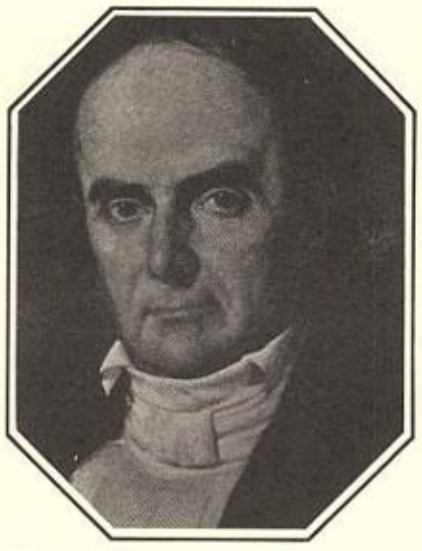
THEY MADE THEIR MARK

Men and women who helped shape America's history

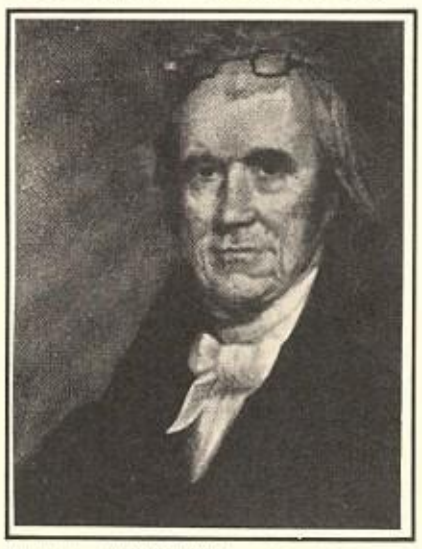
THOMAS PAINE, a bankrupt Quaker corsetmaker, sometime teacher, preacher and grocer wrote the most brilliant pamphlet of the American Revolution. His words in Common Sense reflected longings and aspirations that have remained part of American culture to this day.



DANIEL WEBSTER chose law as a career and went on to become well-known in the courts and in politics. He was twice Secretary of State with an eye always to the Presidency which eluded him.

DOROTHEA DIX worked her entire adult life for reform of the existing penal and mental institutions in the mid-1800's. The first state hospital in the nation at Trenton, New Jersey was a direct result of her efforts.

The creator of the Cherokee alphabet, **SEQUOYAH,** was an artist, writer and silversmith. He used a simple 1821 English primer to compose the characters. The famous redwood trees of the Pacific coast bear his name.



Chief Justice **JOHN MARSHALL** established fundamental principles of American constitutional law. He is noted for his precedental declaration of a Congressional act as unconstitutional. He served through five administrations, from 1801-1835.

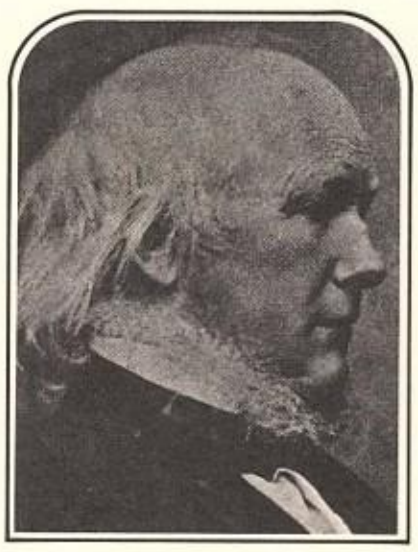
Born a slave in Maryland, **FREDERICK DOUGLASS** taught himself to read and write secretly and, at 21, escaped to freedom. He was an ardent abolitionist campaigning successfully for Negro suffrage and civil rights.

"The New Colossus," a sonnet composed by **EMMA LAZARUS** in 1883 is inscribed on a bronze tablet at the base of the Statue of Liberty. She organized relief for Jews and helped fugitives from the Czar's ghettos to establish homes in America.

AMELIA JENKS BLOOMER, best known for a mode of dress she adopted during her campaign for equal rights for women. Though ridiculed until she gave up the costume, the term "bloomer" came to symbolize woman's bid for individual freedom.

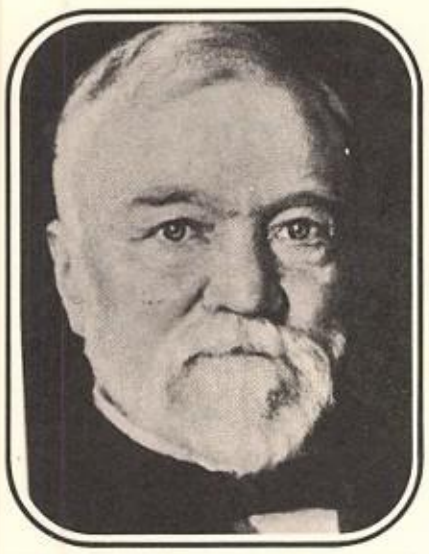
ABRAHAM LINCOLN epitomized the American dream of a humble young man ascending to the highest office of the land. He was superbly skilled at analyzing complex issues and translating them into meaningful words for the public. He was devoted to the preservation of the Union.

HARRIET BEECHER STOWE wrote **Uncle Tom's Cabin** in an effort to make the whole nation realize the inhumanity of slavery. Her book resulted in one of the most popular and controversial plays on the American stage. The Civil War was kindled by this work.



HORACE GREELEY'S admonition to "Go West young man" was a rallying cry of the pioneers of America. He was founder and editor of the New York Tribune. He was best known for his philosophy of social reform and his unsuccessful bid for the Presidency in 1872.

JOSEPH PULITZER was the first journalist to reach a truly massive audience. His New York **World** newspaper was the symbol of "yellow journalism" with its sensationalism aimed at the common man.



ANDREW CARNEGIE was a giant in the railroad and steel industries. He believed that it was the duty of a rich man to distribute his wealth during his lifetime. To that end, he established 2800 libraries and many cultural halls throughout America.

A lifetime passion for machinery led **HENRY FORD** to Detroit where, in 1896, he completed his first motor vehicle. The Ford Motor Company manufactured the first "Model T" in 1909.

One of the most elementary symbols of the American way of life was established when **J. EDGAR HOOVER** and his Federal Bureau of Investigation "G-men" set out to clean up the country. His career spanned over 40 years.

The motion-picture industry was revolutionized in America and **DAVID WARK GRIFFITH** became known as the "Father of the film art" and "king of directors" for his part in this revolution. His camera techniques were the pioneering steps of the industry.

Serving an unprecedented four terms as President of the United States, **FRANKLIN DELANO ROOSEVELT** was a popular leader who made extensive use of fireside radio chats to explain his plans and generate enthusiasm to push them through Congress.

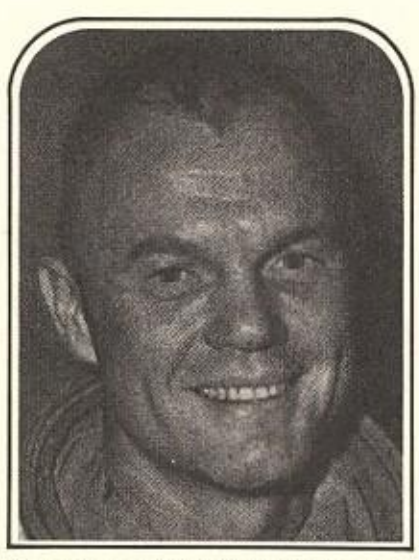
ROBERT FROST's poetry was clear, understated, well-metered and told the stories of rural America. He was a four-time winner of the Pulitzer Prize and has been called America's poet laureate.

A plain, homely woman with tremendous appeal to the masses, who was always in the "thick of things" describes **ELEANOR ROOSEVELT** and her lifetime of politicking beside her husband during his four terms.

THURGOOD MARSHALL is the first Negro to serve as a justice of the Supreme Court. His law career was aimed primarily at civil rights cases.

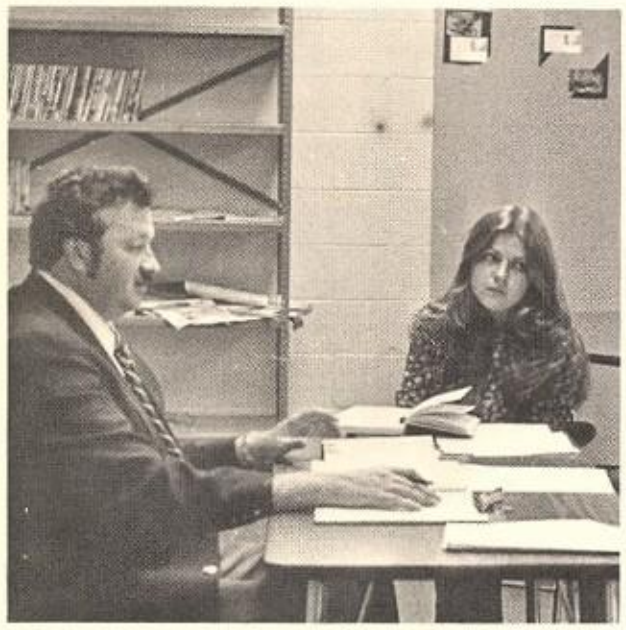
The crippler poliomyelitis was conquered by **DR. JONAS SALK** in 1953 after more than 25 years of research. Polio was reduced by 96% in less than ten years. SALK's research continues in California at the Salk Institute.

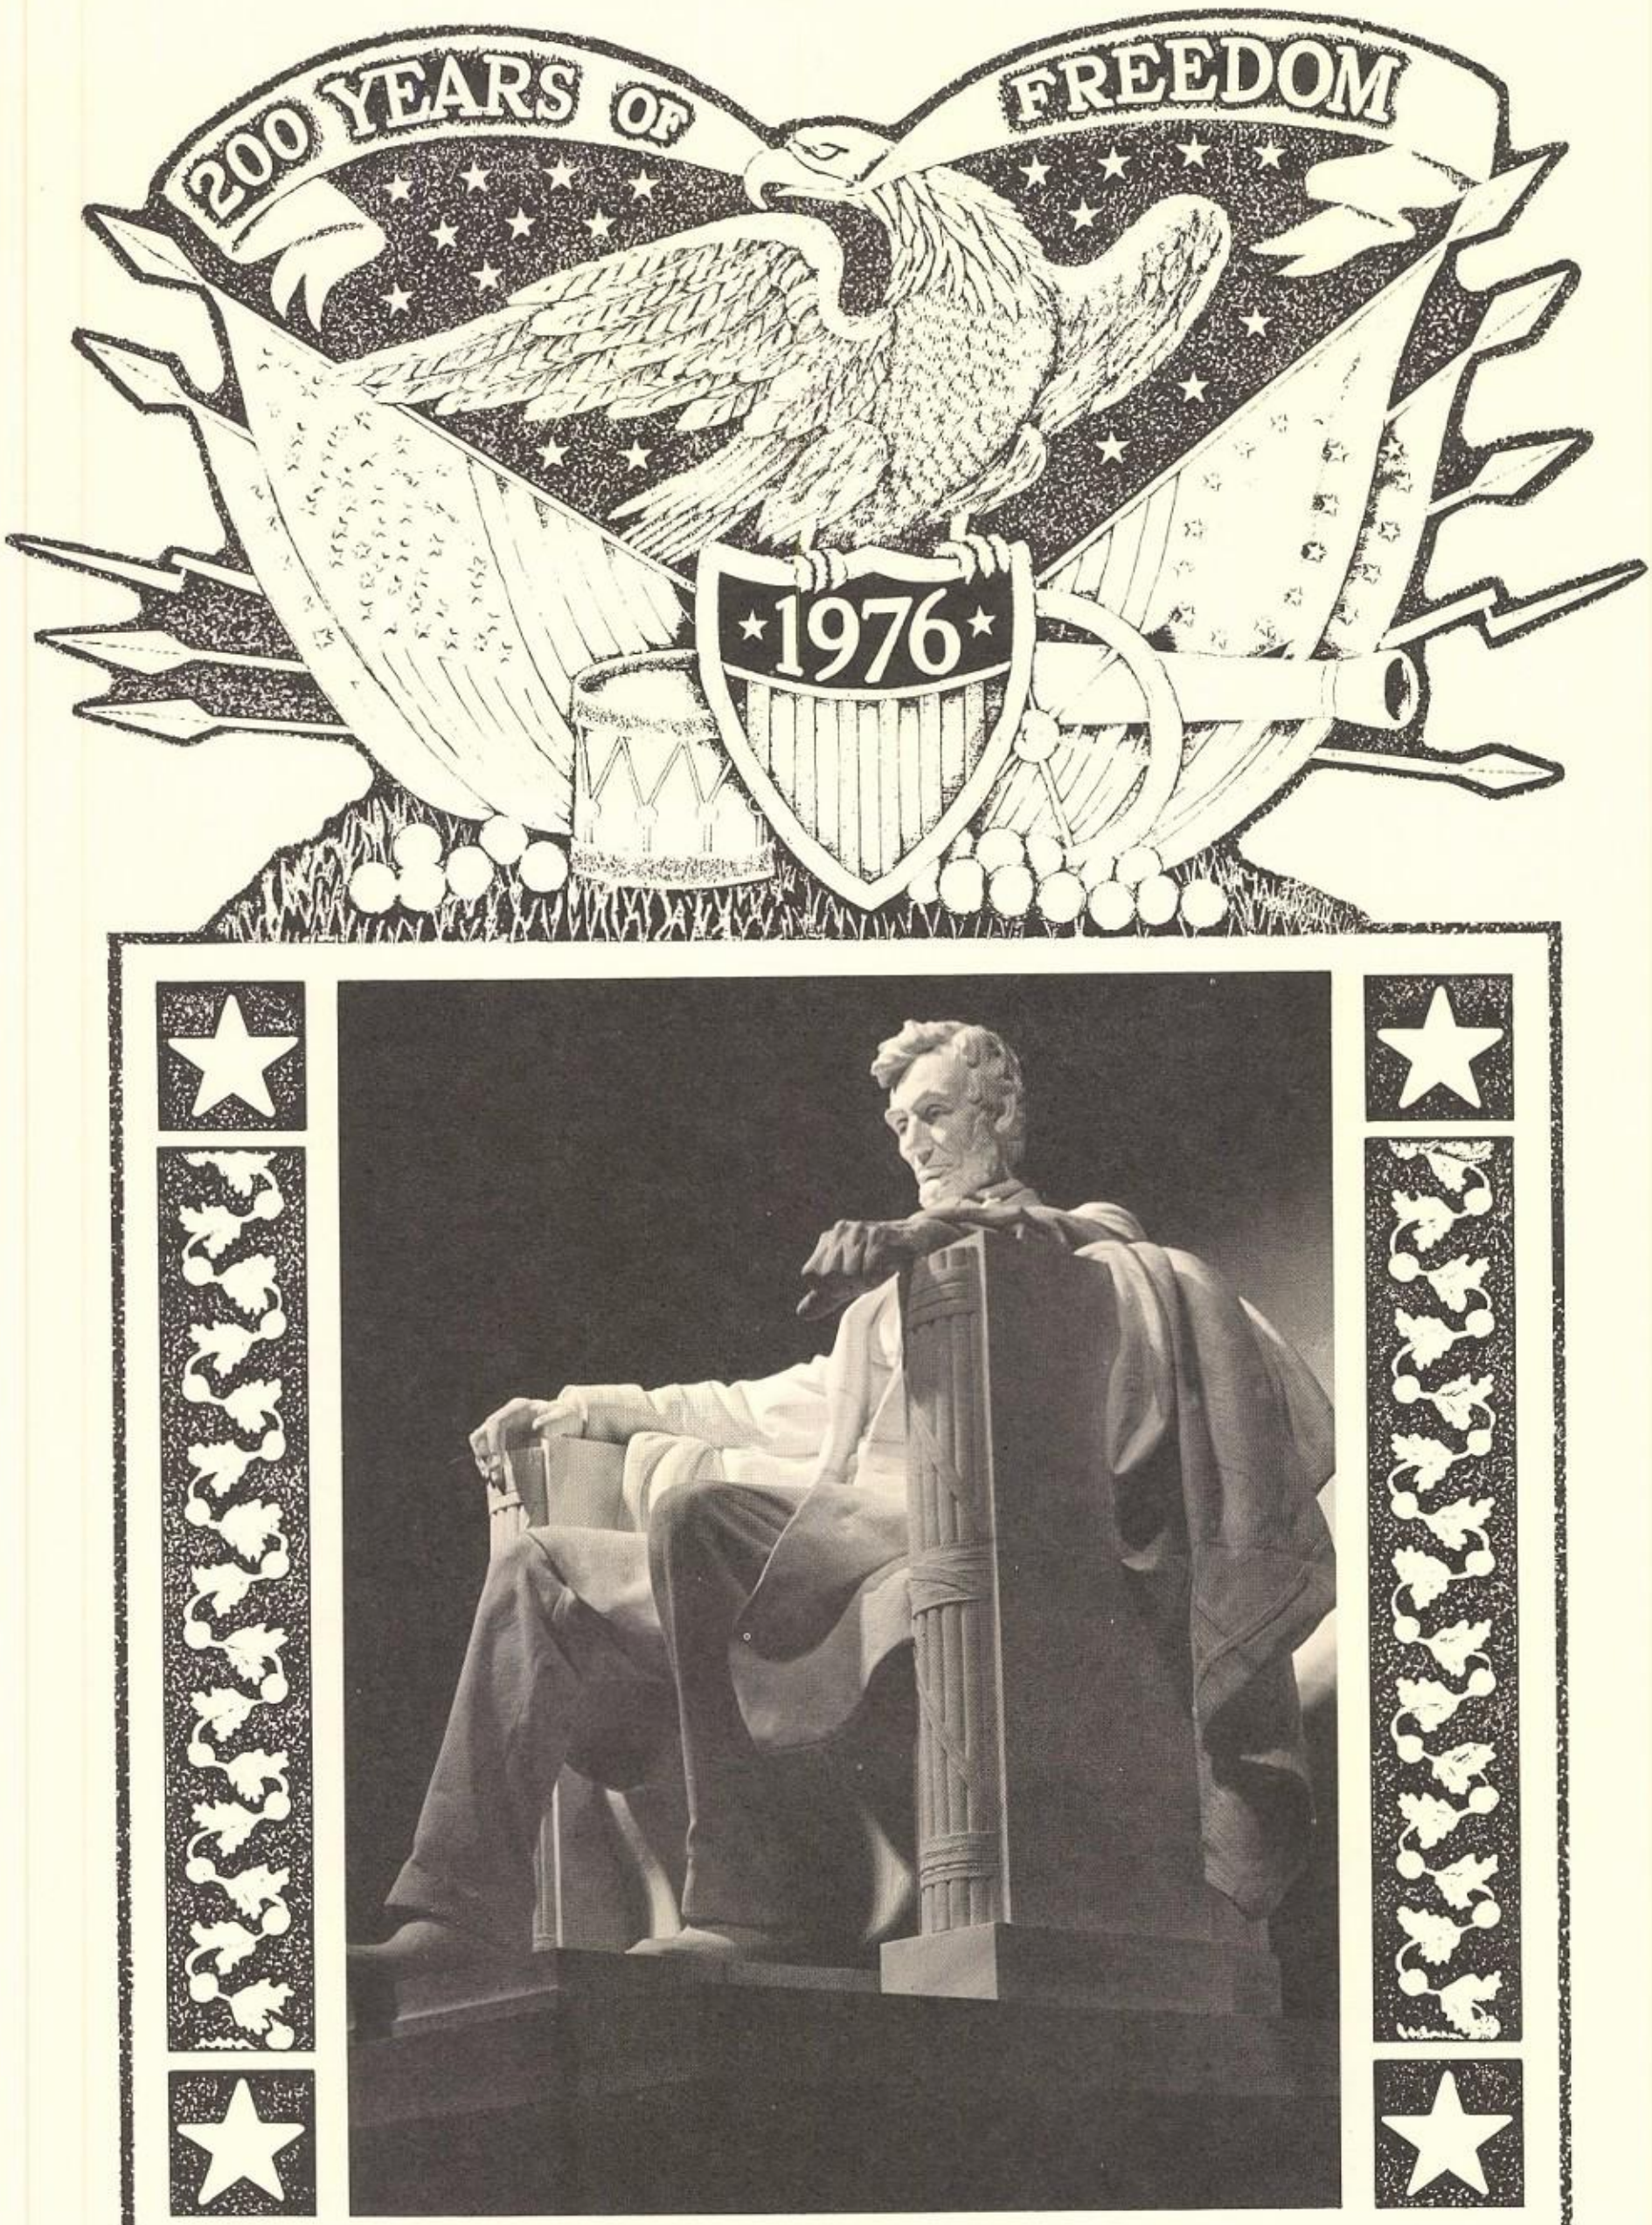
MARTIN LUTHER KING was a leader in the cause of civil rights. He had been a pastor before turning to the cause of segregation. His leadership earned him the Nobel Peace Prize in 1964. He was assassinated by James Earl Ray in 1968.



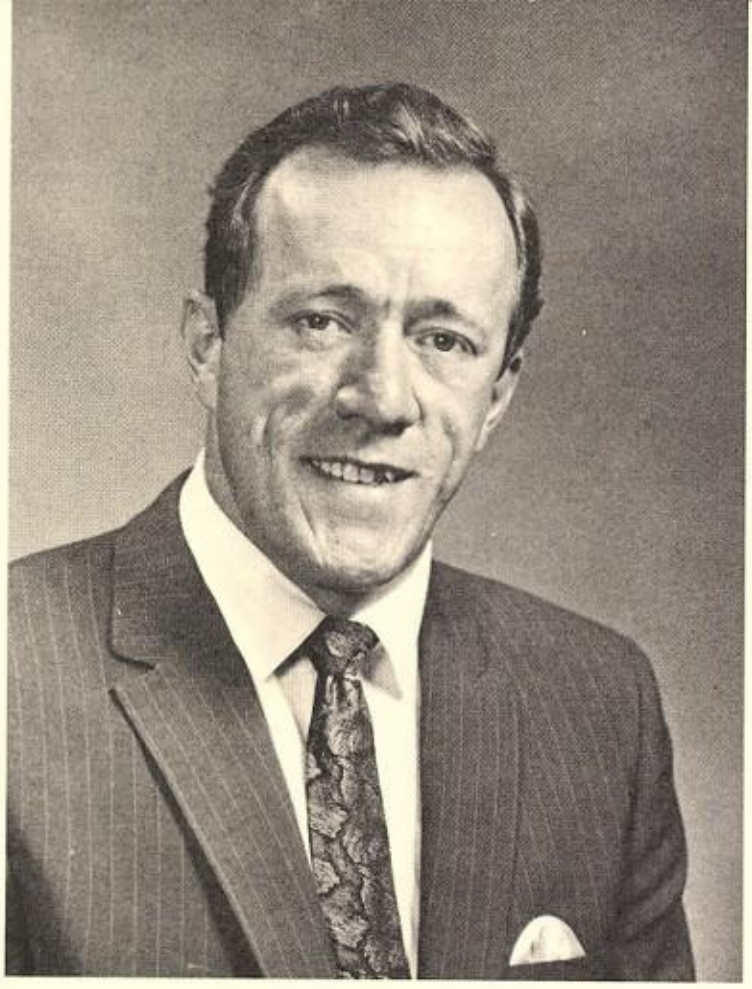
Lieutenant Colonel **JOHN GLENN** started America's travels to outer space when he became the first American to orbit the earth. He had been an aviator in World War II and a test pilot in peacetime.

GERALD R. FORD, the first President to achieve the office without an election. In 1974, through a series of scandalous events, the Nixon administration toppled and FORD reached the position through approval by Congress.





FACULTY



William R. Rutter, Superintendent

Dear Students: Congratulations to the Raiders on another successful school year. You have, in a very short period of time, established a tradition of school spirit and loyalty. The Community of Bolingbrook has recognized Bolingbrook High School as an institution of high quality and this is in no small measure due to the outstanding students and staff--- you are to be commended for your work. May the Class of '76 experience success in their chosen vocations or in furthering their education. We wish our best and know that they will retain many fond memories of Bolingbrook High School.

William R. Rutter

Superintendent And Board Of Education

SEATED: Georgetta Stedeford, Vito Martinez, Kristin Hayes, STANDING: Georgia Wilson, Grace St. Clair, Richard Kavanagh Not present: Art Tol

On this the Bicentennial Anniversary of our great country we might take a moment to reflect on the dedication and servitude of our Colonial forefathers in wanting to guarantee that every person could be free to live the life of his choosing. The greatest asset of our democracy is the freedom which is guaranteed to every citizen.

Education is the foundation of freedom. Without a sound, free education available to everyone, a society such as ours cannot long endure. If each person is to achieve the genuine freedom of self-direction and self-fulfillment, he must have an education that correlates to his position as a free-thinking individual.

The Yearbook is a pictorial, historical summary of our year's activities at Bolingbrook High School. The early Colonists were not able to capture in printed form their experiences as we are able to do in this modern era. In years to come you will have many opportunities to relive the moments that have been captured in this book and to reflect back to your days as a student at Bolingbrook High School.

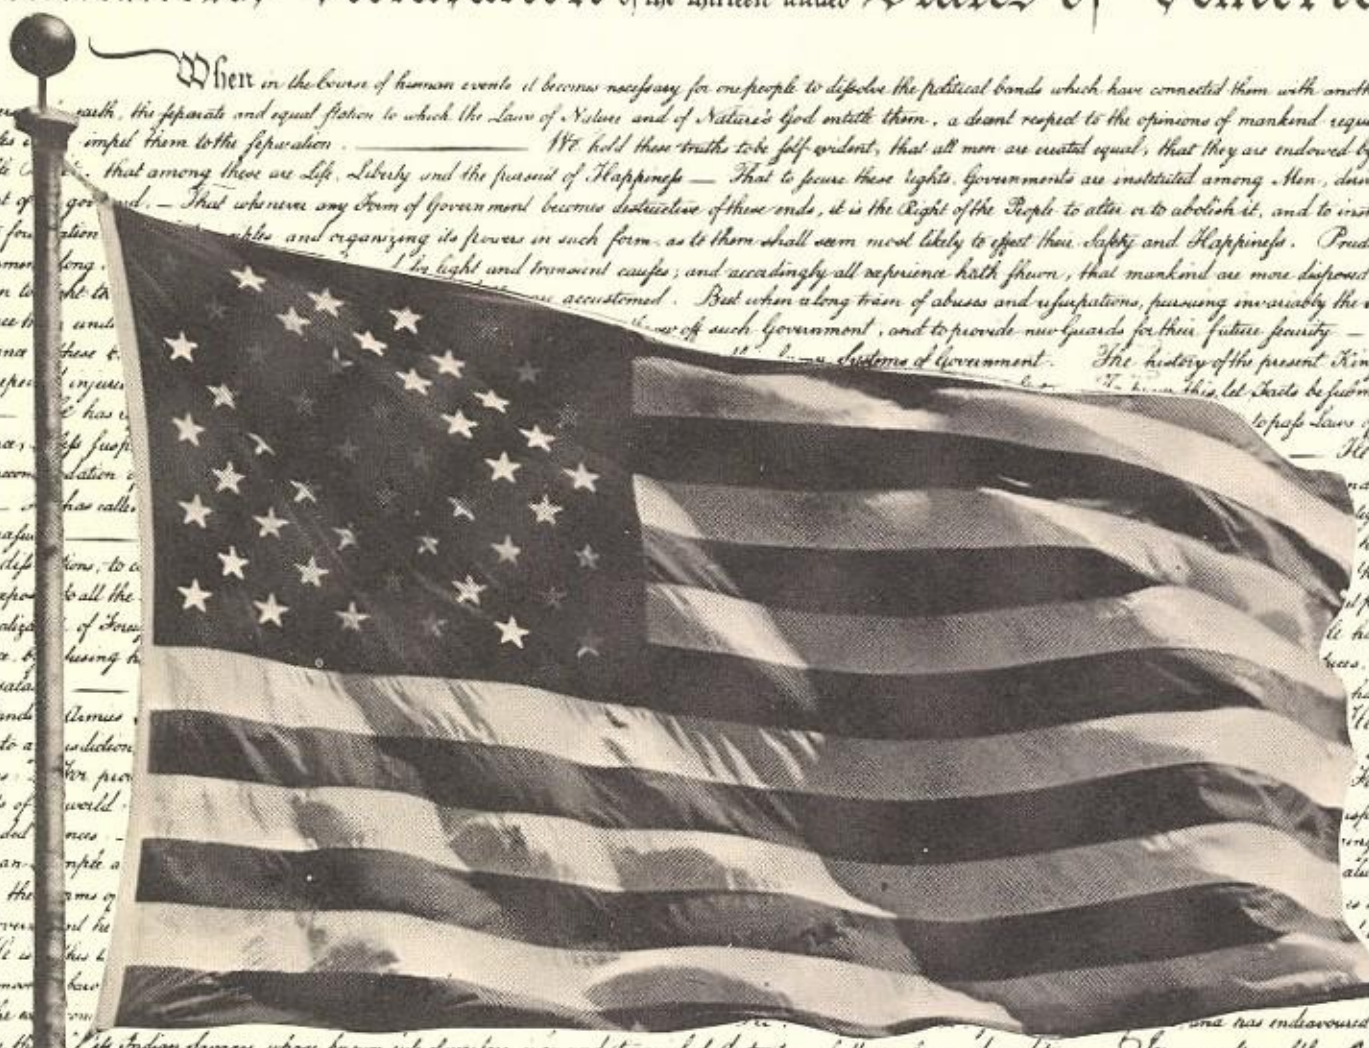
IN CONGRESS, JULY 4, 1776.

The unanimous Declaration of the thirteen united States of America,



When in the Course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation. — We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world. —

He has refused his Assent to Laws, the most wholesome and necessary for the public good. —

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them. —

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only. —

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures. —

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people. —

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within. —

He has endeavoured to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands. —

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers. —

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries. —

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance. —

He has kept among us, in times of peace, Standing Armies without the Consent of our legislatures. —

He has affected to render the Military independent of and superior to the Civil power. —

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their pretended Acts of Legislation, for quartering large bodies of armed troops among us: —

For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States: —

For cutting off our Trade with all parts of the world: —

For imposing Taxes on us without our Consent: —

For depriving us in many cases, of the benefits of Trial by Jury: —

For transporting us beyond Seas to be tried for pretended offences —

For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies: —

For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments: —

For suspending our own Legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever. —

He has abdicated Government here, by declaring us out of his Protection and waging War against us. —

He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people. —

He is at this time transporting large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation. —

He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands. —

He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions. In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people. Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends. —

We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. — And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

Future Business Leaders Of America

The Future Business Leaders of America is the national organization for all high school students enrolled in business and office programs. The activities of FBLA provide an opportunity for business and office students to prepare for business careers. Members learn how to engage in individual and group business enterprises; how to hold office and direct the affairs of the group; how to work with representatives of other youth organization; and how to compete honorably with their colleagues on the local, state, and national levels. Members can participate in annual state and national conferences and leadership workshops visit other chapters and business and industrial enterprises, and come in contact with a number of successful businessmen and women. Selected activities and supervised projects involve students in cooperative school-community-business talks on the local, state, and national levels.

The Lettermen's Club was organized during January of 1975 by Mr. Kinnikin and Mr. Bernard to provide Varsity athletics with an organization from which they could provide some leadership for Bolingbrook High. At the time of the club's beginning there were no clubs or groups actively operating and they were the first to hold a series of dances and sockhops after athletical events. Numerous fund raising events have provided the club with a treasury that enables them to enjoy some social activities Free of charge or at greatly reduced prices, such as trips to the Michigan Dunes, Field trips, gym jam/pizza nights, and several others. John Domanico was the first president and since that time the president's duties have been adminstered by an executive committee. This '75-'76 Executive committee was Ken Delegan, Mike Meyer, and Greg Domanico. The club has done several things for B. H. S., some of which are the baseball scoreboard, painting the weight room, purchasing career statistical charts for the trophy case, provided school T-shirts and jackets to the student body at reduced prices, a pop machine in the boys P. E. locker room, and a newsletter to all club alumni to keep them up on current events and people still in school. These are but a few of the things the club has tried to do while always thinking that B. H. S. can even be better with some hard work, pride, and respect.

In this bicentennial year, we look at what we, as a nation, have accomplished and we are proud. It is the spirit of sharing, cooperation, sensitivity, and originality that has made this country the great country it is today.

We of Bolingbrook High have extended this spirit to the Phoenix, for without this spirit, the Phoenix would be nonexistent. The Phoenix is not just a mere collection of words, but the feelings, voices, likes, dislikes, fears, joys, loves, and prides that you, the students have shared with us.

As the eagle represents to the United States a feeling of great pride, the Phoenix, to us, is a symbol of eternity. For words may become obsolete and disappear, but when a person puts them together into a writing, they live on and on, to return just as the great bird, the Phoenix does to soar.

Please join us as the Phoenix returns again to soar yet higher.

Dear Students:

Well, it is over and done with; it was fun and it is a book done by the students, for the students of BHS. A lot of credit has to go to my Editor-in-Chief, who despite the problems she incountered, managed to return as often as possible and help us finish this Yearbook. I would also like to thank Kittie Ziebell, who graduated in January, but returned to help us with the Prom section. Also thanks to a patient student body, I think the wait is worth it.

Friendship, determination and pride. These sum up three of the best qualities the freshman football team attained during their first encounter with football. their effort to learn the fundamentals of the game, as well as their development their appreciation of the game, lead to a very successful season. A record of 6 wins and 5 loses was compiled. The future will be determined by the members of this team.

Softball

When you look at the girl's softball record it doesn't look like they've done to well, 0-10. But then the record doesn't say that they are only in their second year with their second coach. These girls have done a really good job and are looking forward to next year. You can look to the girl's softball team to be pretty darn good next year.

Prom Of "1976" Presents

WE MAY NEVER PASS THIS WAY (AGAIN)

Life-- so they say
Is but a game and they let it slip away
Love-- like the Autumn sun
Should be dying but it's only just begun
Like the twilight in the road up ahead
They don't see just where we're goin'
And all the secrets in the universe
Whisper in our ears and all the years will come and go
And take us up, always up

We may never pass this way again
We may never pass this way again
We may never pass this way again

Dreams-- so they say
Are for the fools and they let them drift away
Peace-- like the silent dove
Should be flyin' but it's only just begun
Like Columbus in the olden days
We must gather all our courage
Sail our ship out on the open sea
Cast away our fears and all the years will come and go
And take us up--always up.

We may never pass this way again
We may never pass this way again
We may never pass this way again

So I wanna laugh while the laughin' is easy
I wanna cry if it makes it worthwhile
I may never pass this way again
That's why I want it with you
'Cause you make me feel like I'm more than a friend
Like I'm the journey and you're the journey's end
I may never pass this way again
That's why I want it with you baby

We may never pass this way again
We may never pass this way again
We may never pass this way again

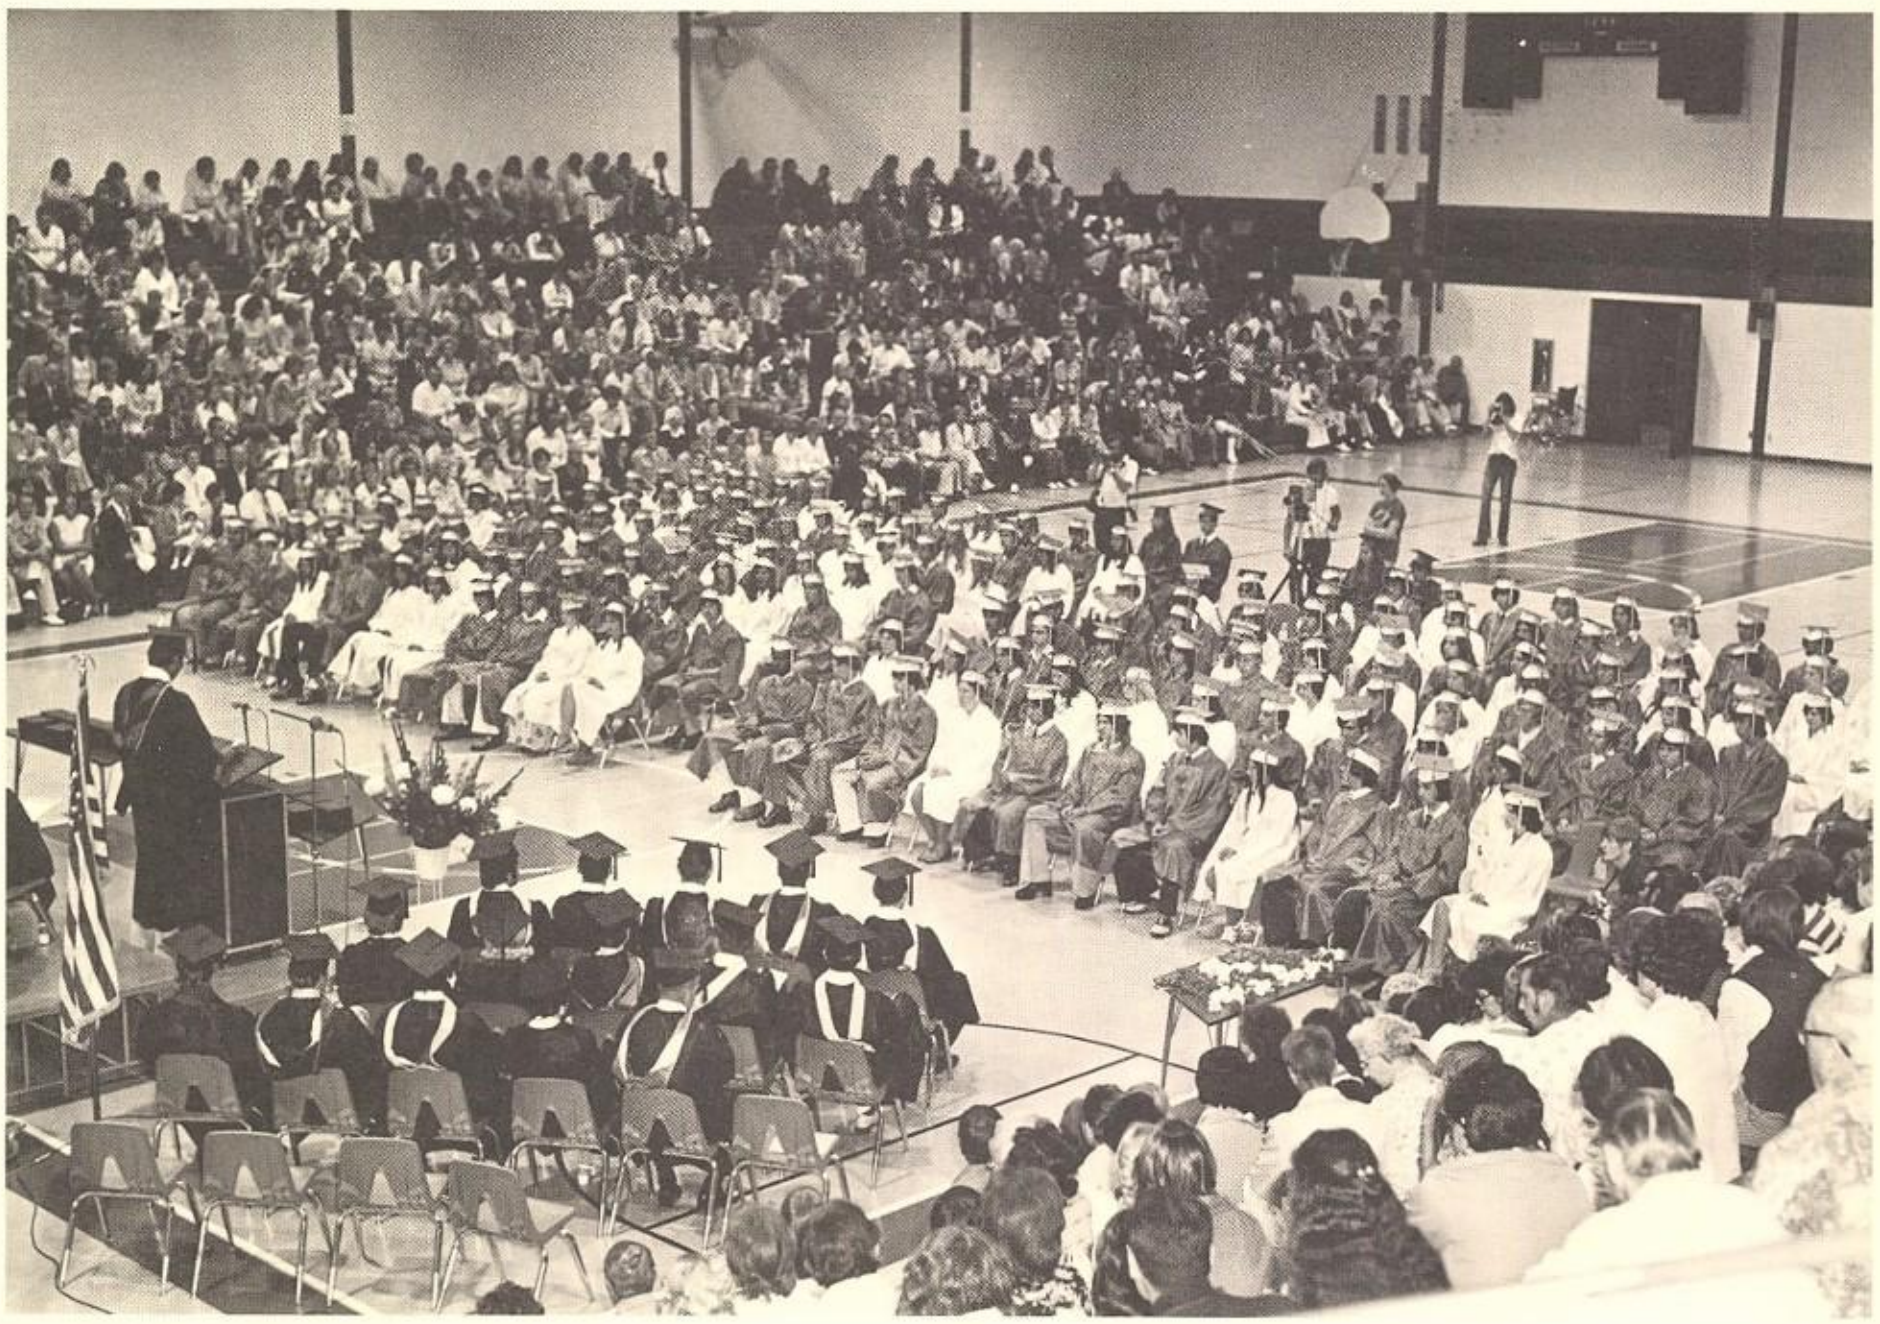
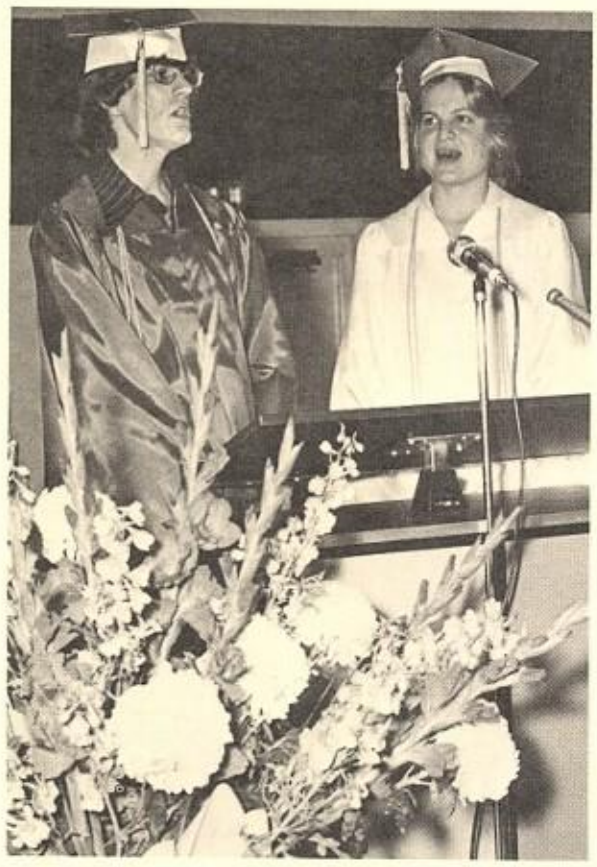
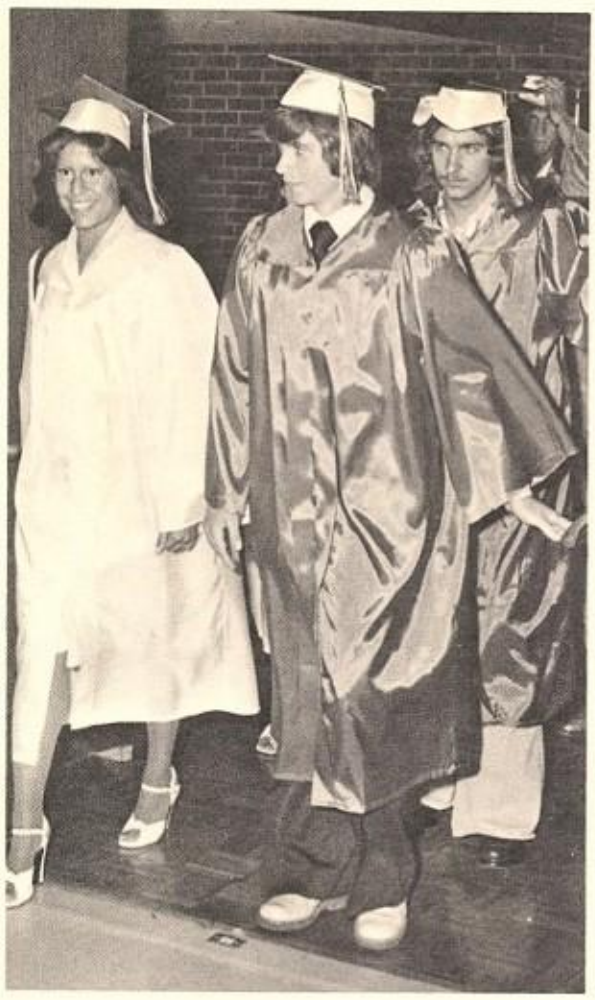
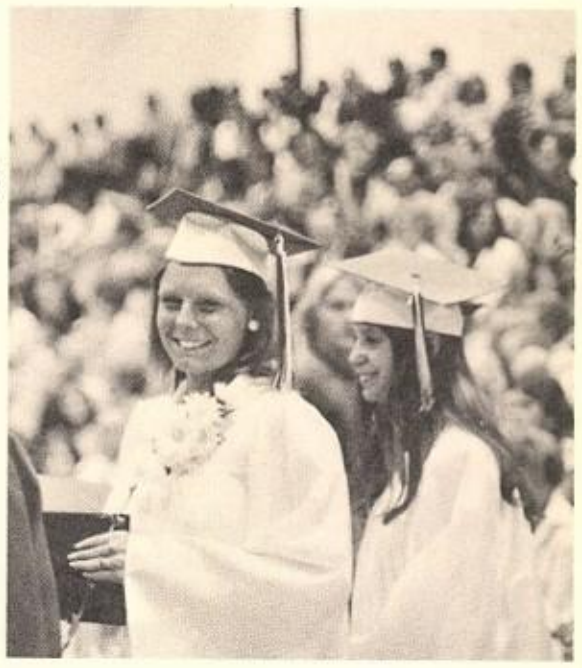
WE WILL LOOK INTO THE FUTURE . . .

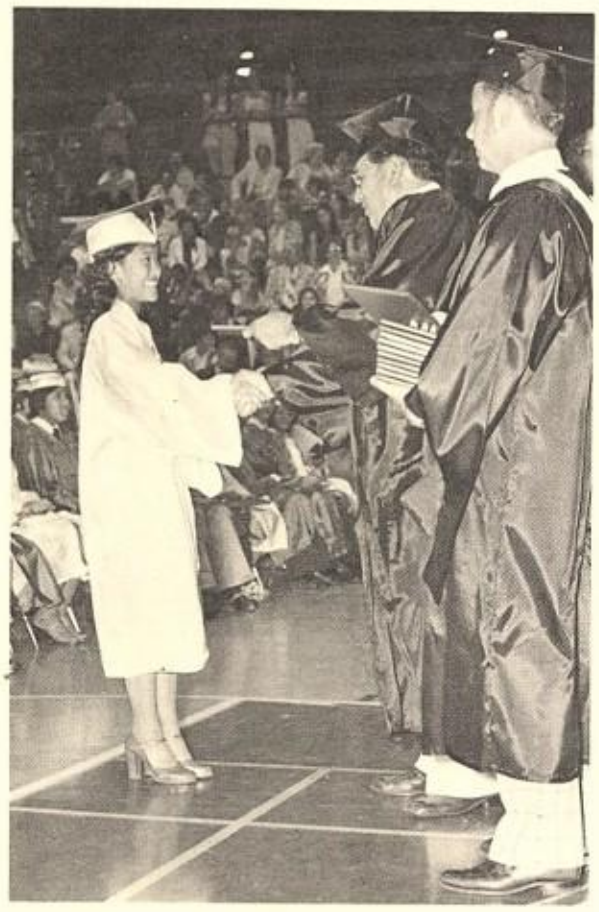


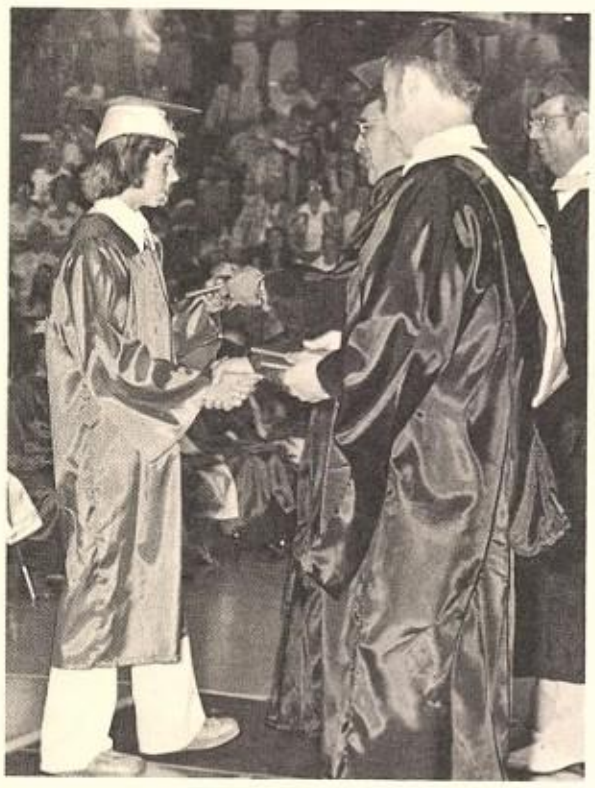
. . . NO ONE KNOWS WHAT IT WILL HOLD FOR US.

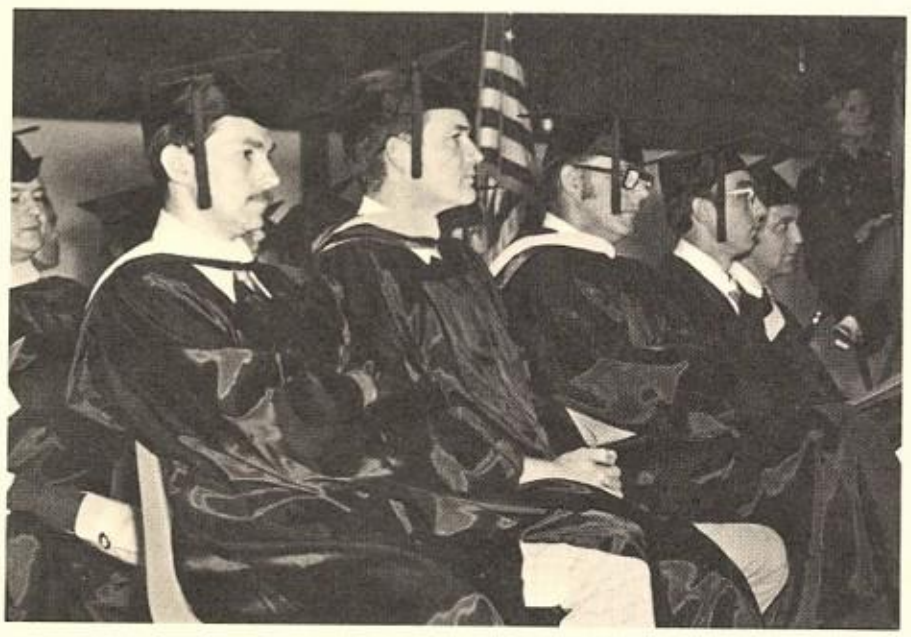


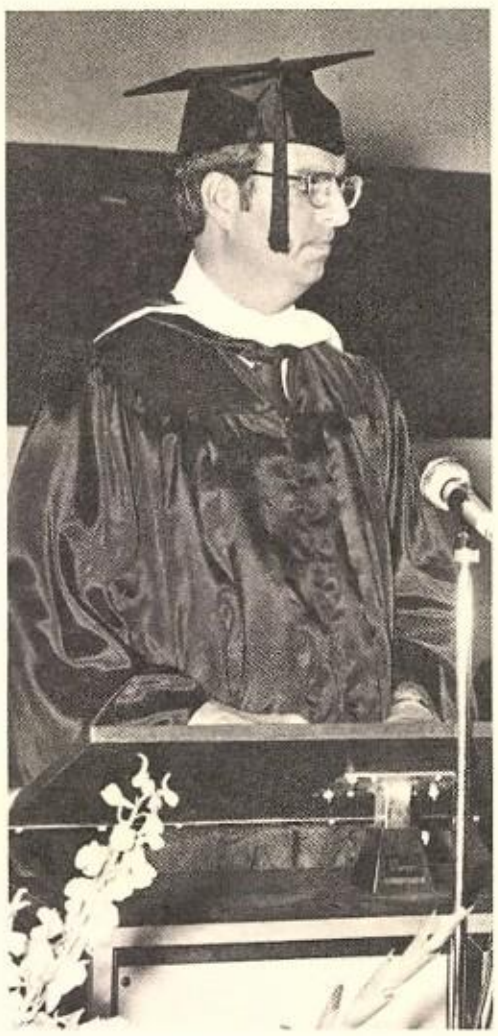


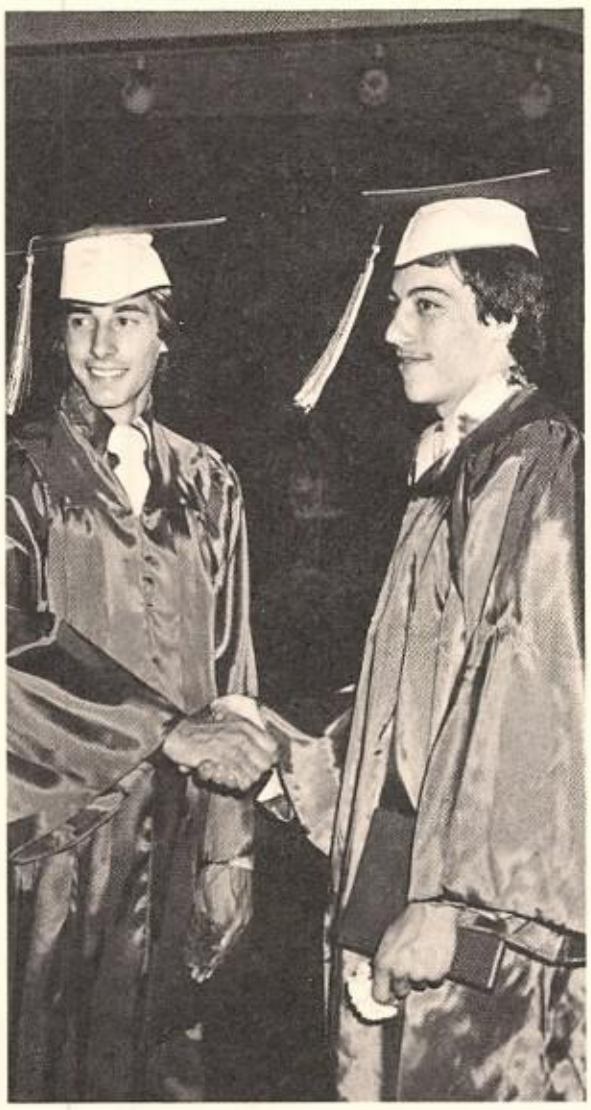




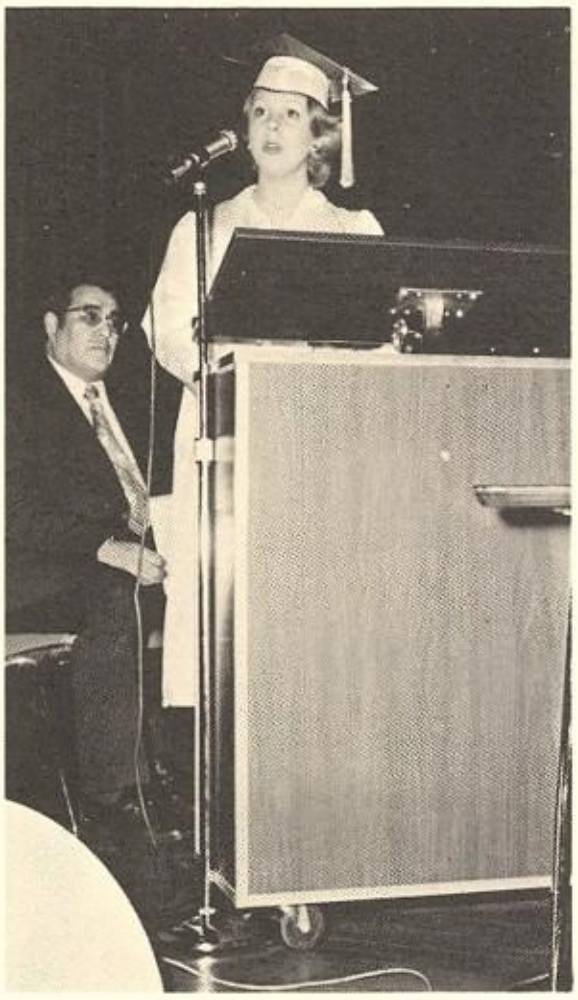


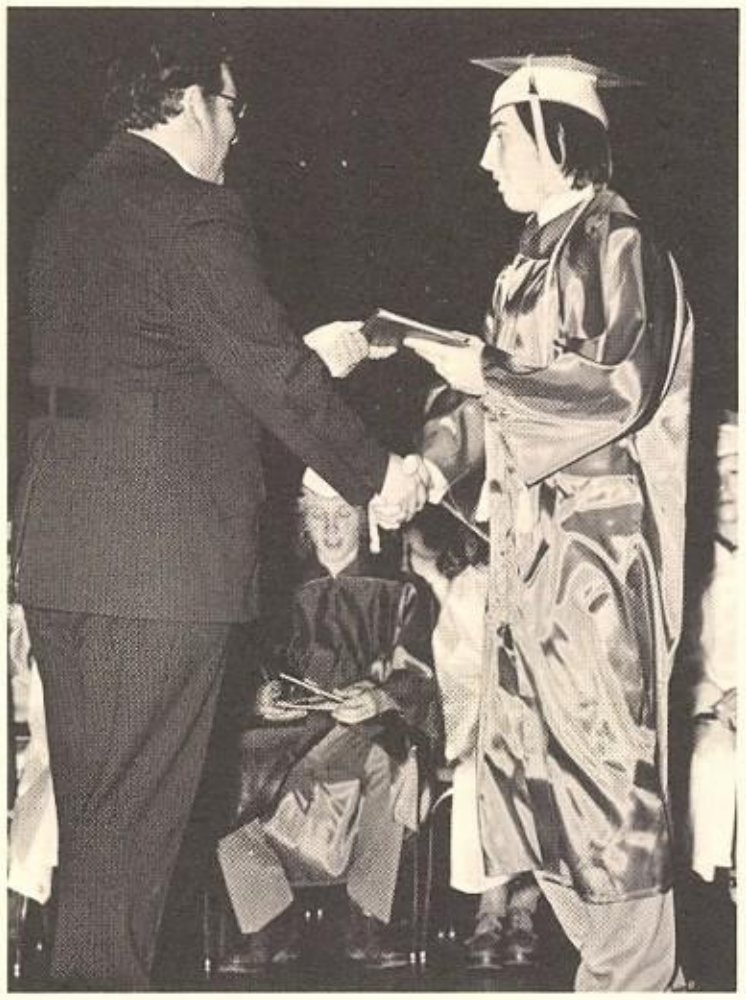


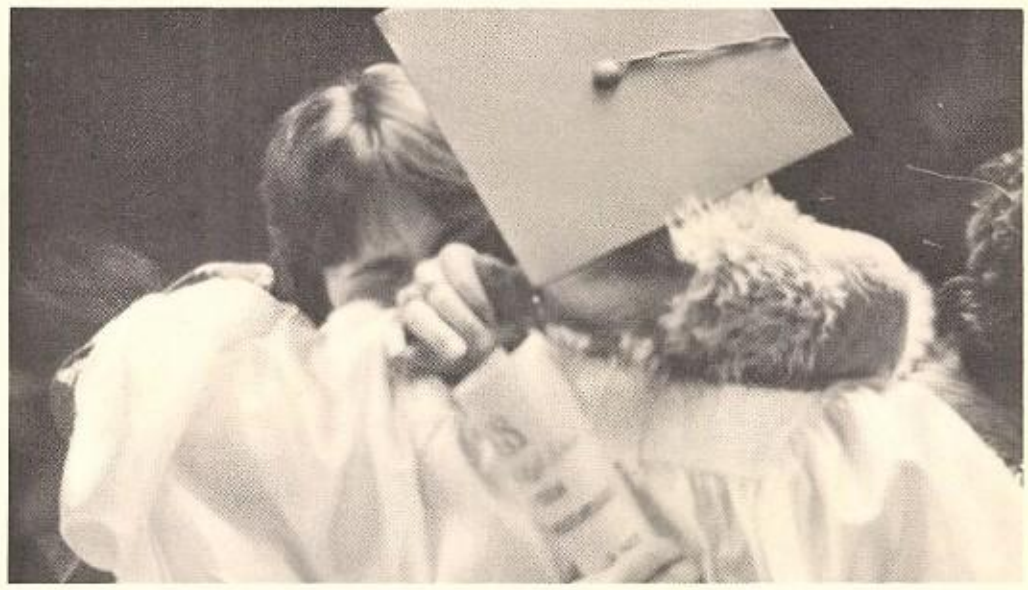


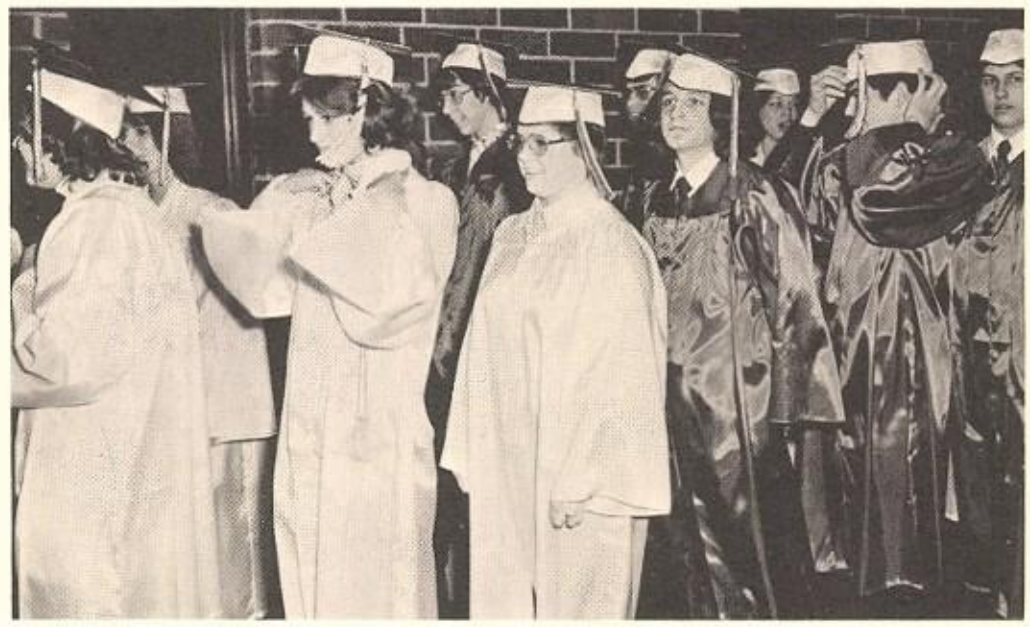


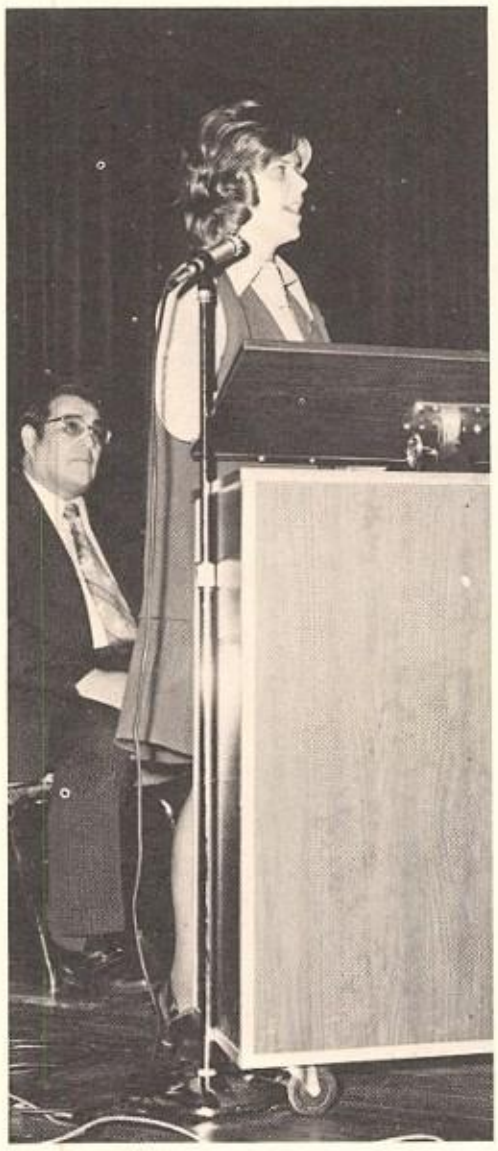
MID-TERM GRADUATION

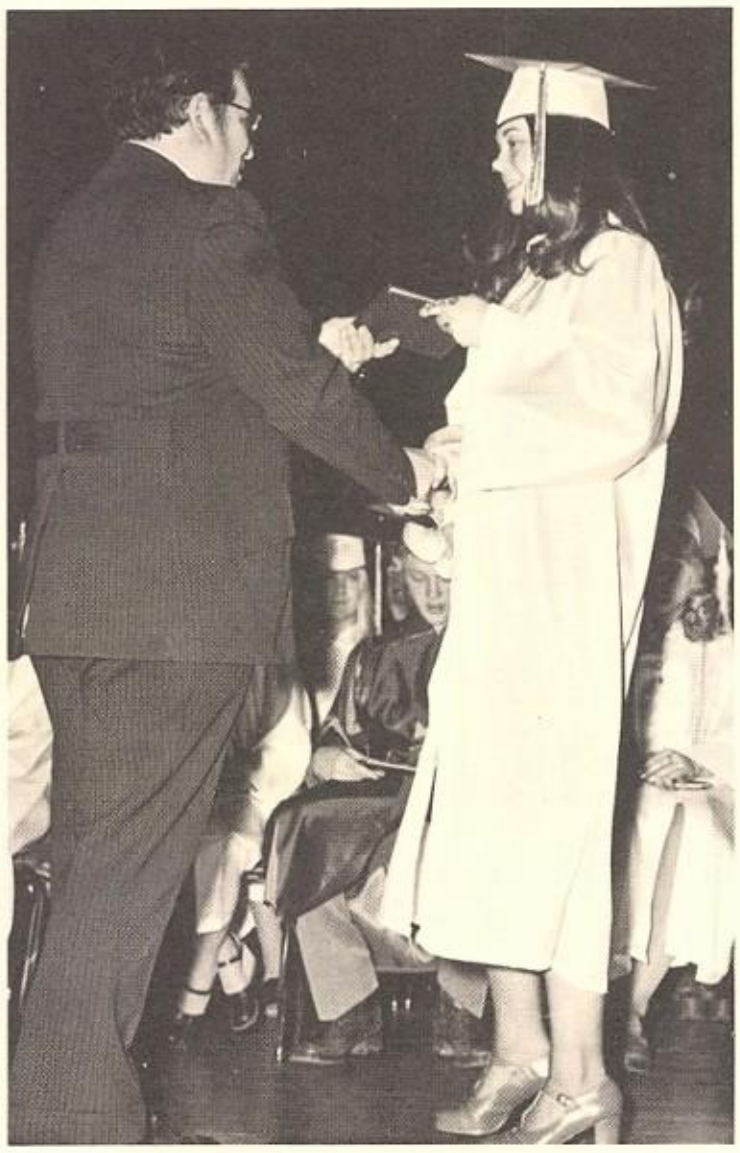


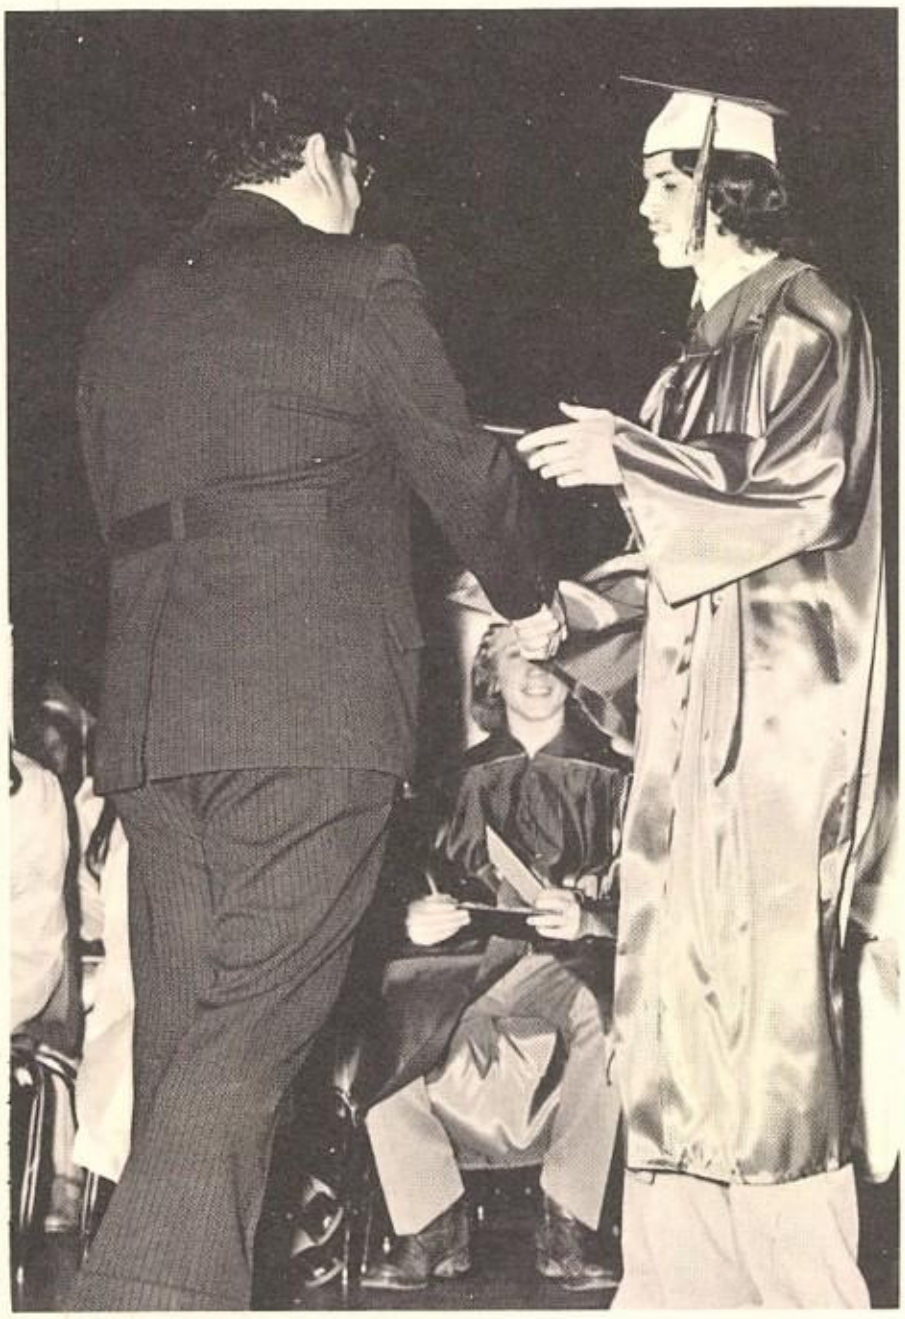


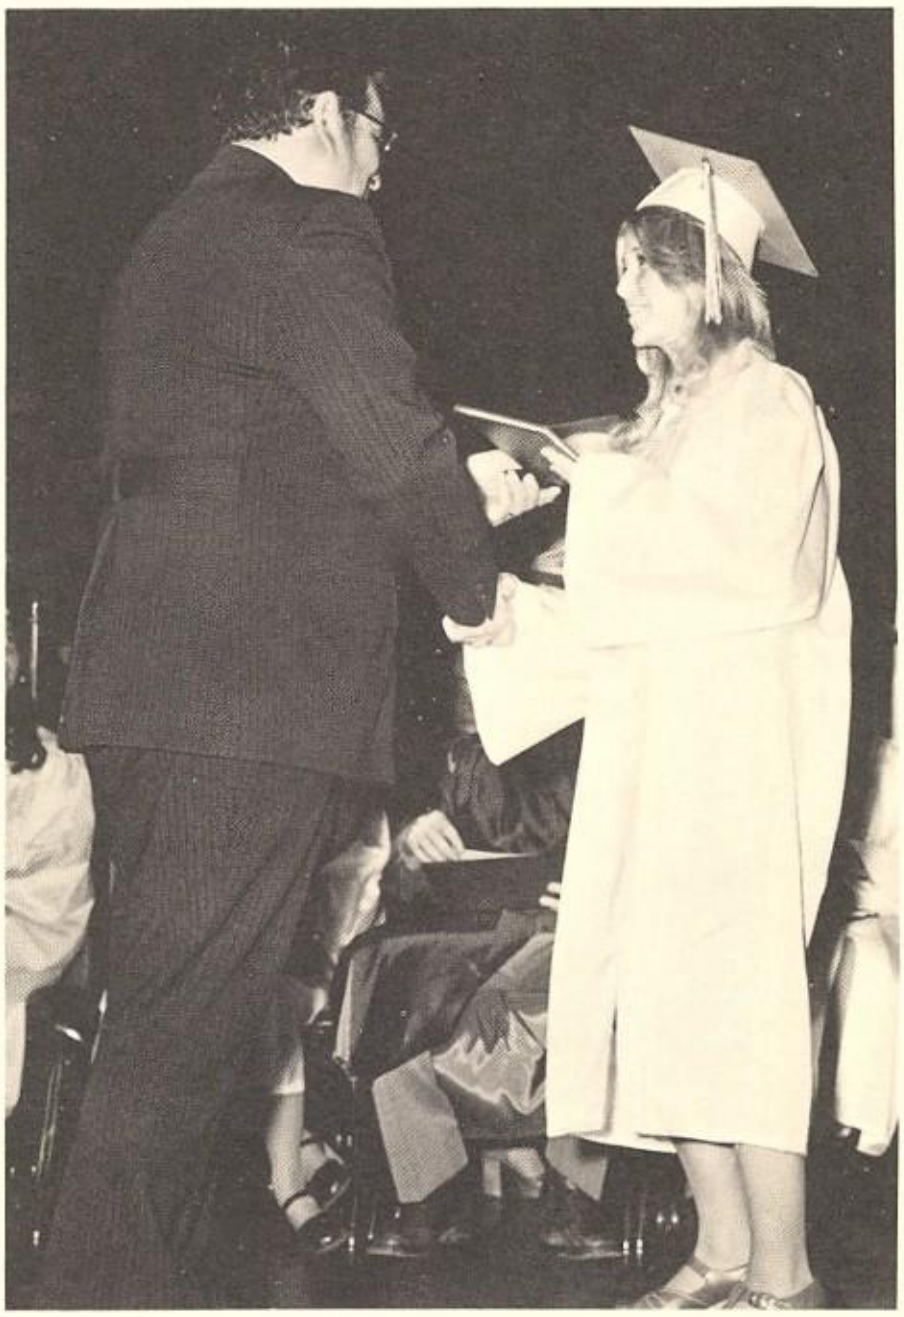












We Miss Those Who We Loved . . .

Here rest his head upon the lap of earth,
A youth to fortune and to fame unknown;
Fair Science frown'd not on his humble birth,
And Melancholy mark'd him for her own.

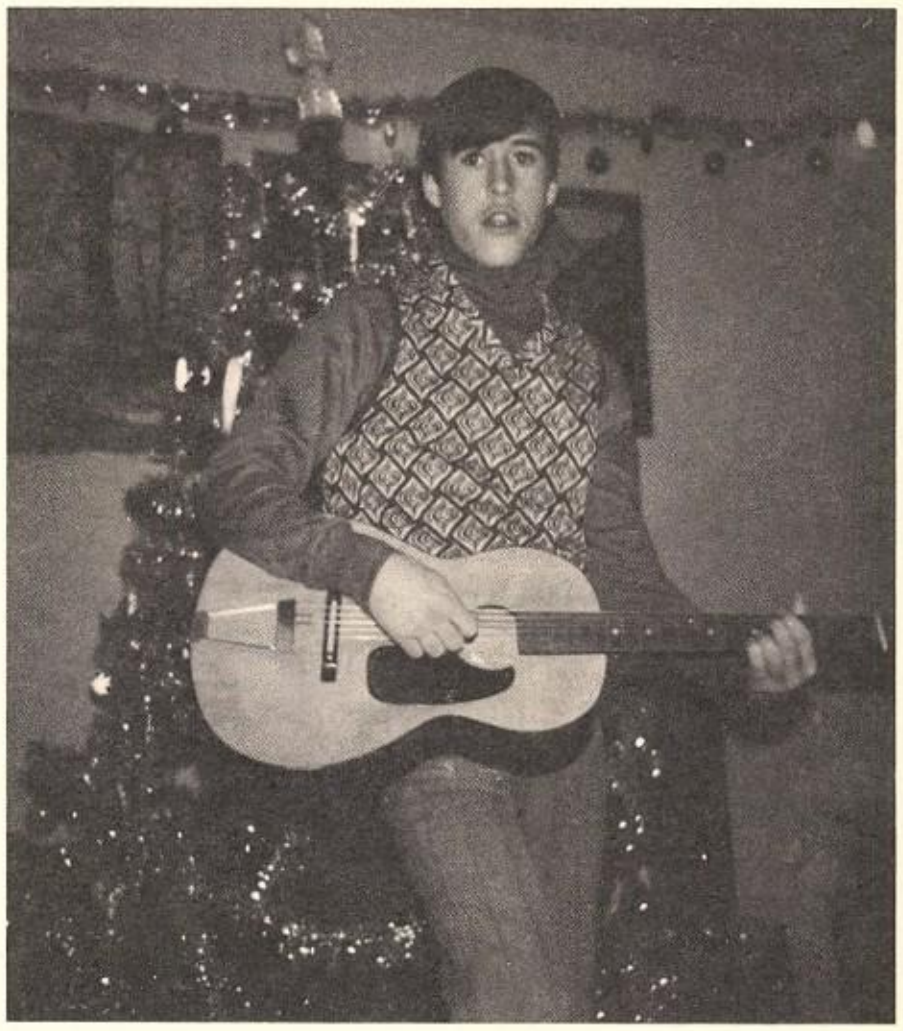
Large was his bounty, and his soul sincere;
Heaven did a recompense as largely send:
He gave to misery all he had, a tear;
He gained from heaven ('twas all he wished)
a friend.

No farther seek his merits to disclose,
Or draw his frailties from their dread abode,
--
(There they alike in trembling hope repose),
The bosom of his Father and his God.

Thomas Gray

Is it so small a thing
To have enjoyed the sun,
To have lived light in the spring,
To have loved,
To have thought,
To have done?

Matthew Arnold



Gary Frost

Strange that I did not know him then,
That friend of mine!
I did not even show him then
One friendly sign;

But cursed him for the ways he had
To make me see
My envy of the praise he had
For praising me.

I would have rid the earth of him
Once, in my pride . . . .
I never knew the worth of him
Until he died.

Edwin Arlington Robinson

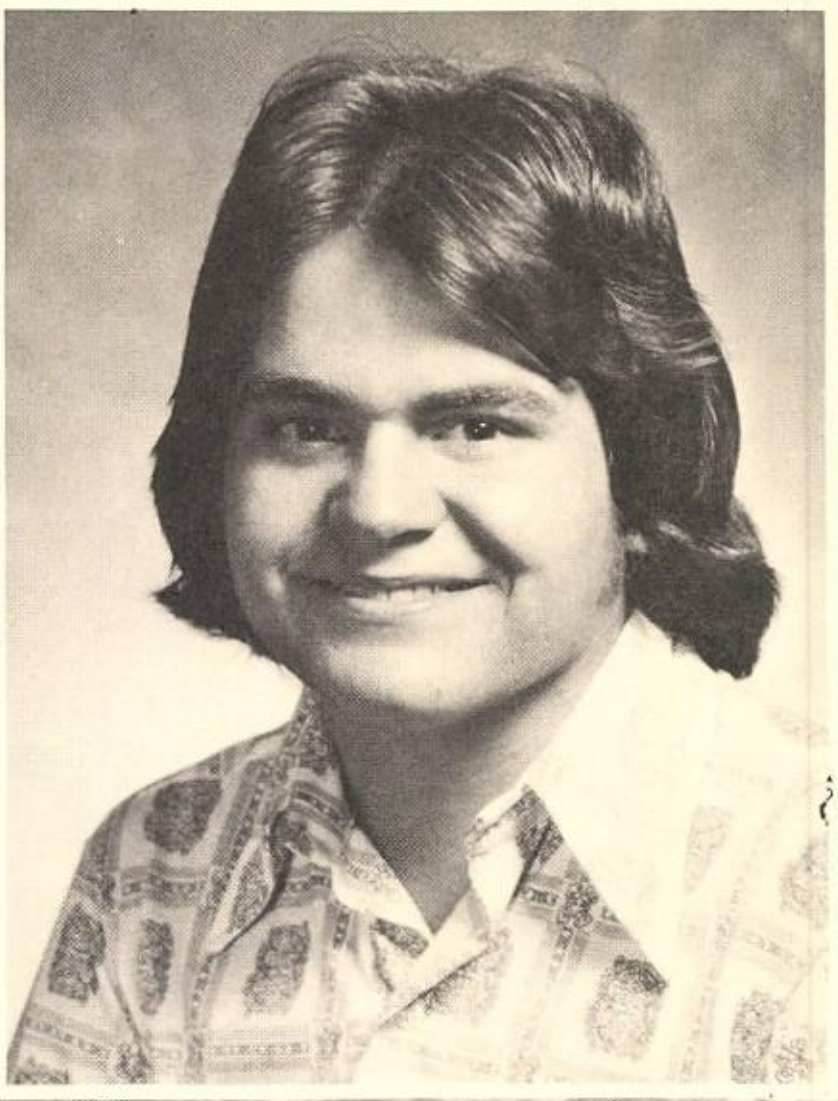
Though my soul may set in darkness,
It will rise in perfect light;
I have loved the stars too fondly
To be fearful of the night.

Sarah Williams

Dedication

One day, in the Summer of '75
A young man came into my office,
"Can you use a good photographer?"
"Yes I can. Are you a good photographer?"
"Yes."
"Show me how good you are."

Dave Turner was a good photographer, he enjoyed his work. To him photography was both a vocation and avocation. He was willing to try new ideas and experiment with old ones. He liked people, and they reciprocated. He had his future in his hands ----- then one evening Fate took Dave Turner in its hand. I found myself hoping it was someone else --- it wasn't.
We all miss him
I miss him ---- he was a friend of mine
JFT



Dave Turner

Dave--

I've lost something inside of me,
Something in search of times olden
If there were only time with you.
If I could save some part of this year.
It would be you I'd save
But your life is through
I've lost you to death.
But as life escapes us,
And time just vanishes into air,
Like an everlasting photograph in my mind,
I will Remember and Love YOU Dave

Love Sandy Wagner
